

WEBINAR SERIES

EXPLORE THE INTERSECTIONS OF GENDER AND CLIMATE JUSTICE

a certificate will
be provided
upon completion
of all webinars!

From 8–17 September 2025, LIFE and the COPGendered project partners are offering six FREE online webinars based on our brand-new e-learning tool on gender and climate justice.

Each session unpacks a key theme, from climate and gender justice to LGBTIQ+ and intersectionality, energy, transport and mobility, climate-induced migration, and extractivism - with the module authors themselves as your guides!

Expect inspiring case studies, insights from local contexts, and the chance to connect and engage with other participants, exchange ideas, and build networks – as well as ask questions and join the discussion with our experts.

Schedule

08.09.25 at 17:00–18:30	Gender & Climate
